

What Happens to My Metadata?

Resource-Centric Metadata

Content Management with FEDORA

Rich content examples:

- News
- NSDL Learn magazine
- Learning Objects
- User-Created Objects (based on MR content re-use)

FEDORA CONTENT MANAGEMENT SYSTEM

For more information please contact Dr. Elly Cramer <elly@cs.cornell.edu>

Producers

NSDL Metadata Repository

MR Consumers

FEDORA CMS provides what we have now PLUS:

1. What you need to provide will remain the same.
2. What you can do as a consumer increases.
3. What you can do as a producer increases.

NEW REPOSITORY API

- Relationships among MR objects
- Relationships among CMS objects
- Advanced content access (RSS), equivalence services, annotations

Search Consumers
