

**NSDL Annual Meeting**  
**Washington, DC**  
**November 18, 2009**

***Critical Trends in K-12 Education***  
***Selected Findings from Speak Up 2008***

**Laurie Smith**  
**Director, Research & Evaluation**  
**Project Tomorrow**

# Today's Topics

- Key issues for NSDL Community
- What is Speak Up?
- Trends to Watch (from Speak Up data)
- Seeding Innovation: A Case Study
- Implications for NSDL

## Key Issues for NSDL

- Innovation
- Dissemination/Impact
- Approach to Sustainability

# What is Speak Up?

- National Research Project
- Largest authentic, unfiltered database of stakeholder views
  - Students (k-12)
  - Parents
  - Teachers
  - Administrators
  - Pre-Service Teachers (NEW)

# Speak Up Reach

- Over 1.5 million participants (since 2003)
  - 1.3 million K-12 students
  - 103,000 teachers
  - 54,000 parents
  - 6,300 school leaders
  - 18,000 schools from all 50 states, DC, American military base schools, Canada, Mexico, Australia

# Speak Up 2008

K-12 Students	281,500
Teachers	29,644
Parents (in English & Spanish)	21,309
Administrators	3,114
Schools	4,379
Districts	868
States	All 50

Top 10: TX, CA, AZ, AL, IL, MD, FL, NC, NE, WI

## About Speak Up Schools

- 95% public, 3% private, 2% virtual
- 35% urban, 32% suburban, 33% rural
- 45% Title 1 eligible
- 34% majority-minority student population

## How to use Speak Up

- Gain insights about your audience
- Inform the design of your portal
- Develop outreach strategies
- Understand opportunities/challenges in K-12

# Informing Innovation

# Getting Started

- Who am I?
- Warm Up Exercise

## Who am I? Profile characteristics:

Access to mobile devices:  
MP3 player (44%)  
Game player (53%)  
Laptop (44%)

Uses Internet for education  
research (51%) and online  
assessments (35%)

Participates  
in immersive  
virtual  
reality  
environments  
(39%)

Wishes for their ultimate school  
Online classes (27%)  
High tech science tools (39%)  
Online tools for organization (35%)

## *Audience Response: Who am I?*

1. Kindergarten Boy
2. 3rd Grade Girl
3. 7th Grade Boy
4. 10th Grade Girl
5. Teacher

*Who am I?*

*3<sup>rd</sup> Grade Girl with Average Tech Skills*

Project  
Tomorrow

Speak UP

(c) Project Tomorrow 2009

*Meet today's 3rd grade girls:*

Access to mobile devices:  
MP3 player (44%)  
Game player (53%)  
Laptop (44%)

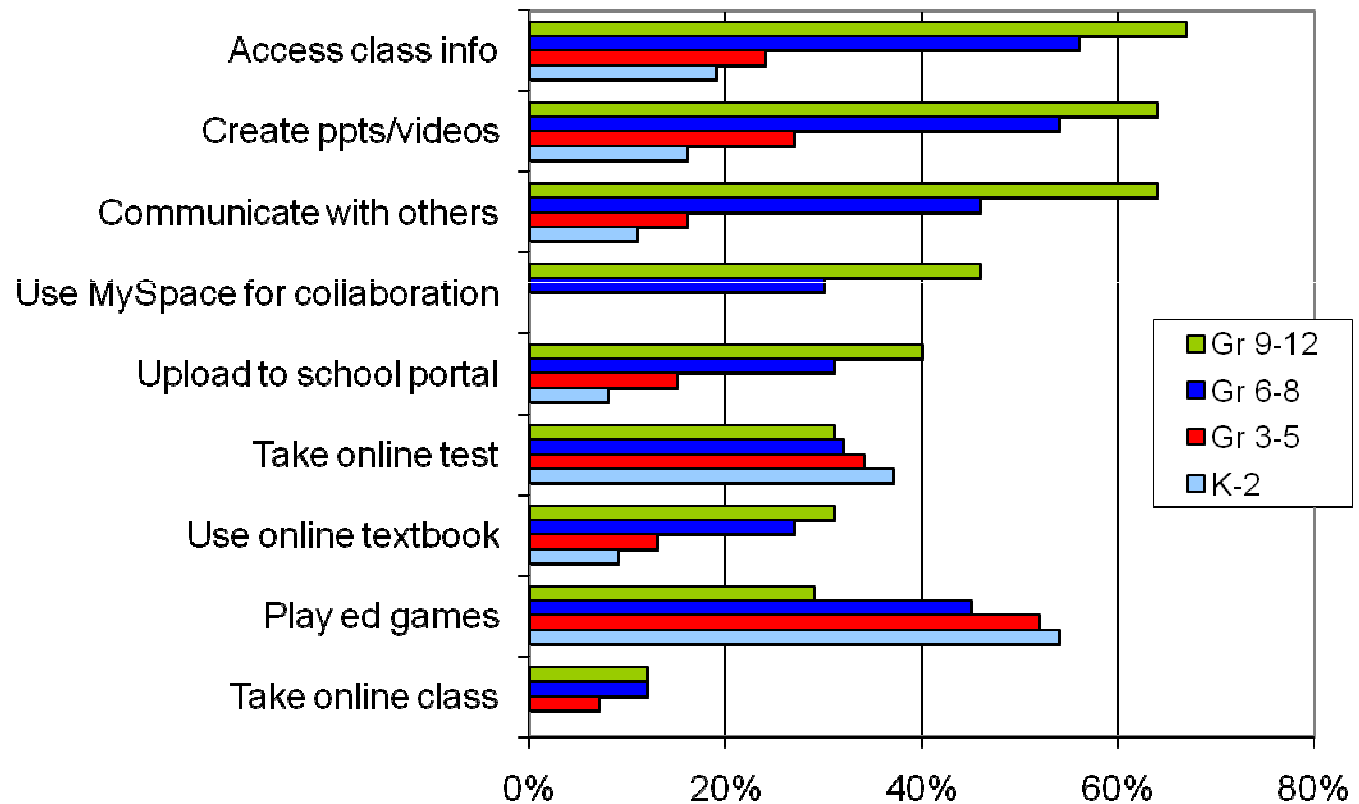

Uses Internet for education  
research (51%) and online  
assessments (35%)

Participates  
in immersive  
virtual  
reality  
environments  
(39%)

Wishes for their ultimate school  
Online classes (27%)  
High tech science tools (39%)  
Online tools for organization (35%)

# How are students using technology for schoolwork?

# TREND #1 - Digital Advance Team

## Digital Advance Team

- Adopting/Adapting technologies for learning
- Tech trend setters
- Use predicts widespread acceptance
- Out of school use drives school use

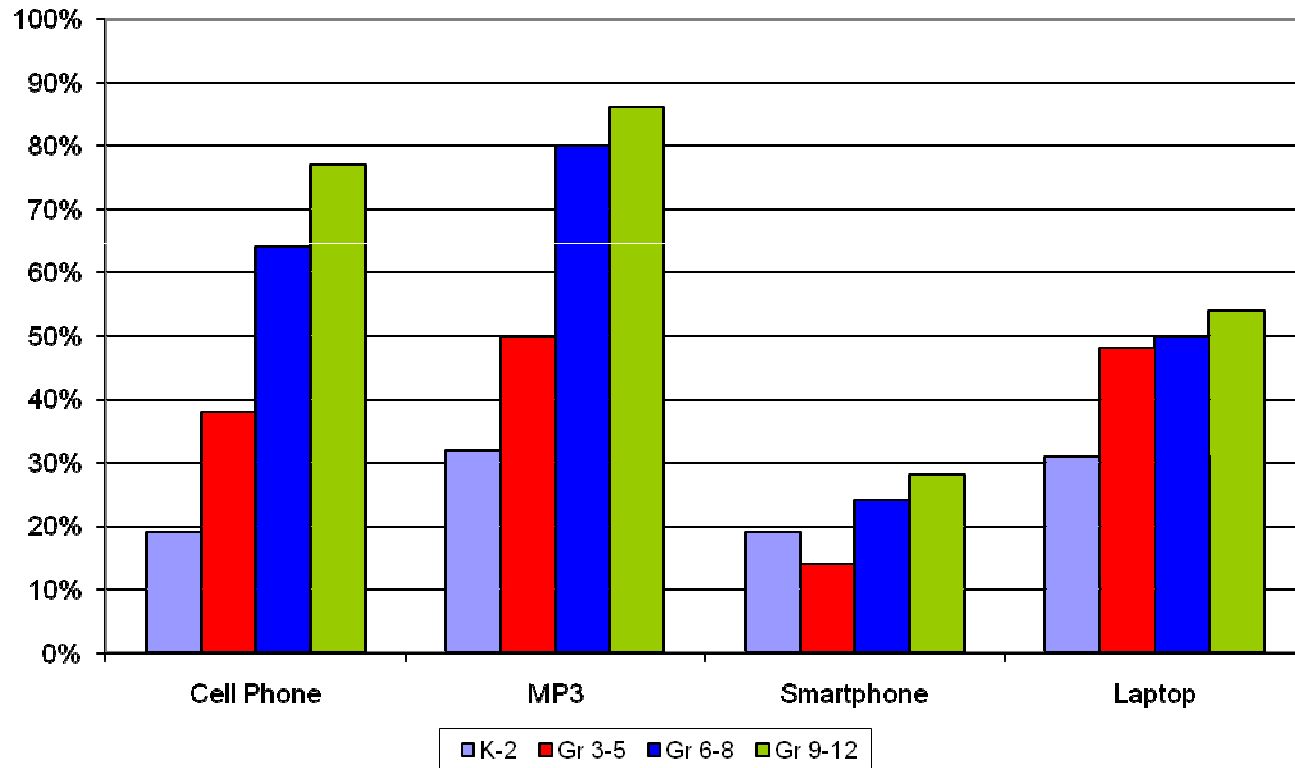

## Advance Team Trends

- Mobile Learner
- Use Web 2.0
- "I'll take that class to go!"
- Personalizing learning - ultimate online textbook

# Mobile Learner

# Using mobile devices for learning

- Communications
  - Email teachers, classmates
  - Access personal websites
- Collaborations
  - Projects and calendars
- Creativity
  - Create/share documents, videos
- Productivity
  - Research, downloads, ed games
  - Get alerts and reminders

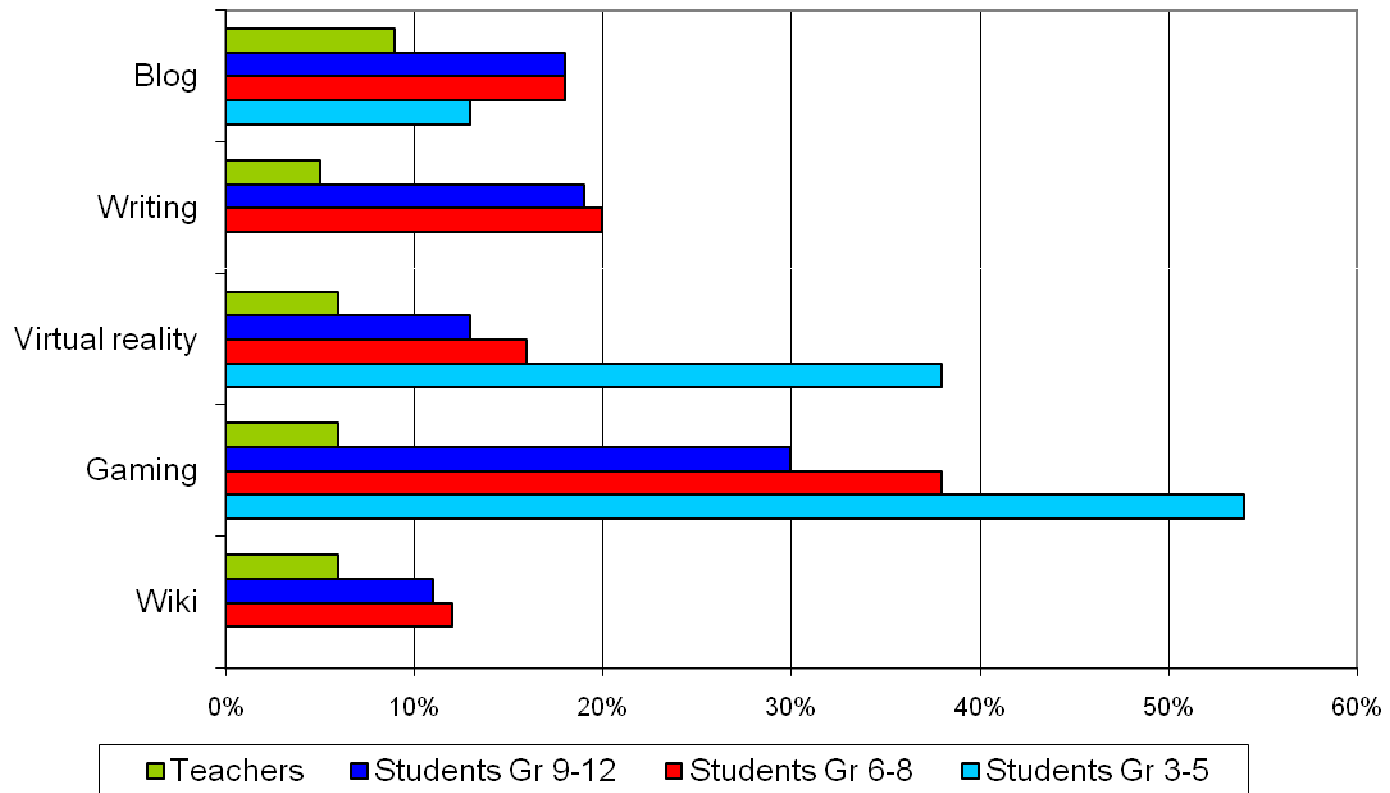

# Using Web 2.0 for learning

- Communications
- Creation
- Collaboration
- Contribution

# Web 2.0: Collaborate & Contribute

# "I'll take it to go!"

	Taken online class	Interested
High School Students	16%	40%
Middle School Students	14%	45%
G3-5		15%

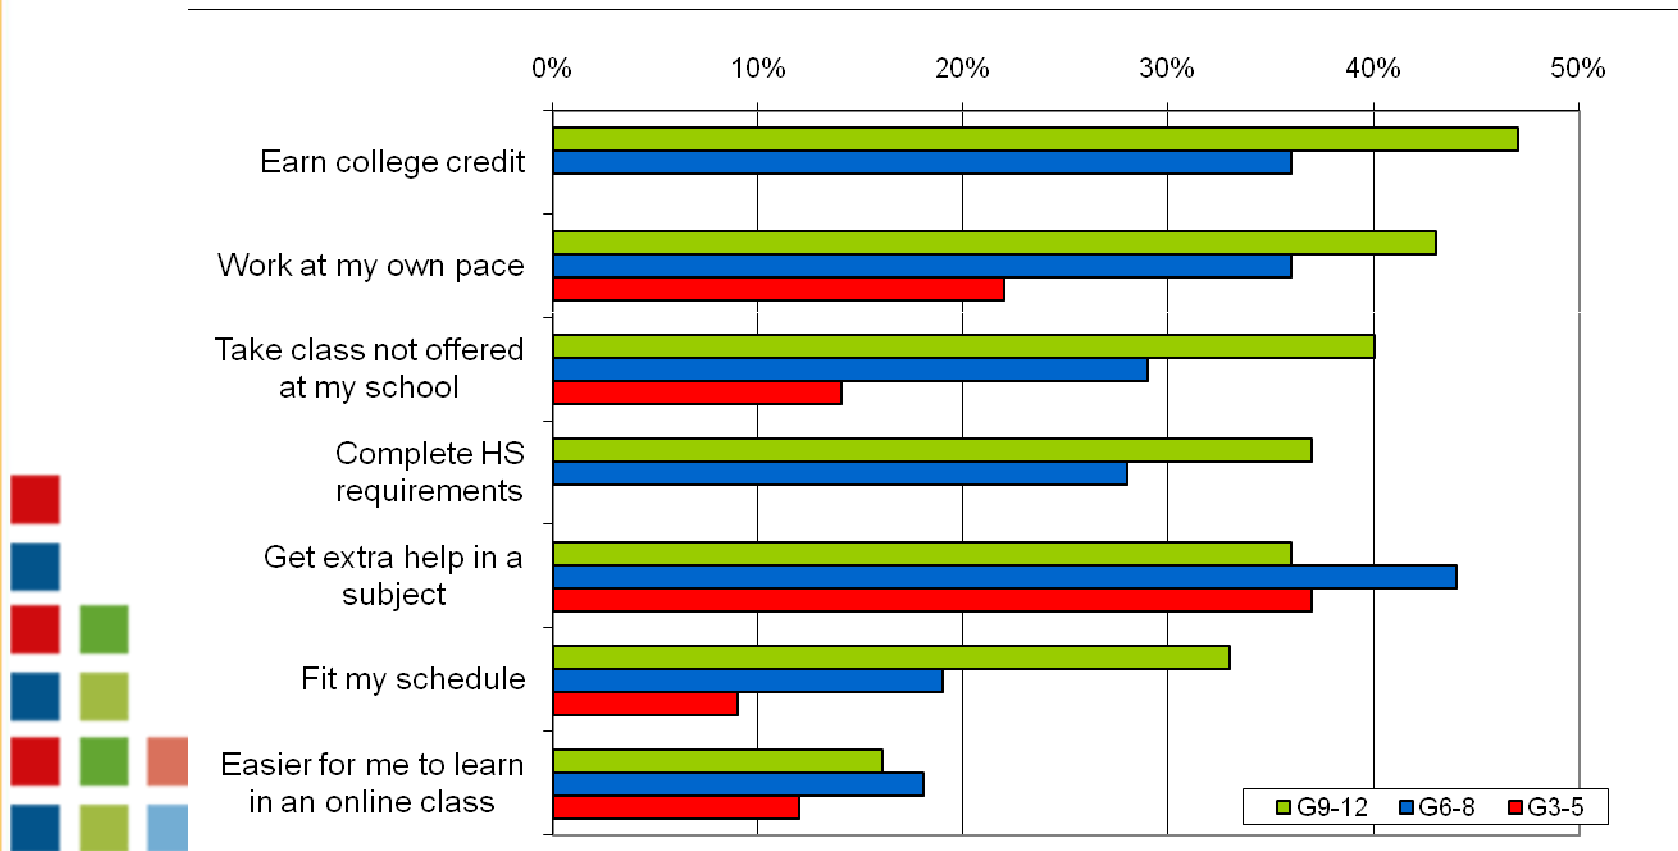

Interest in online learning increased since 2007

- +40% of high school students  **21%**
- +35% of middle school students  **46%**

# Online offers choices

(c) Project Tomorrow 2009

## Online offers personalization

- Puts me in control of my learning (47%)
- Easier to review class materials (38%)
- Easier for me to succeed (32%)
- Comfortable asking questions (29%)
- More motivated to learn (27%)

# The ultimate textbook

## MIDDLE/HIGH SCHOOL

- Electronic notes & highlighting (63%)
- Self assessments (62%)
- Links to useful websites (60%)
- Games & simulations (55%)
- Access to online tutors (53%)
- Links to real time data (52%)
- Virtual Labs (45%)
- Podcasts from subject experts (34%)

## Textbooks going mobile

- Students want to download information to cellphone
  - 53% high school students
  - 53% middle school students
  - 25% 3rd - 5th grade students

Speak UP

# The ultimate school

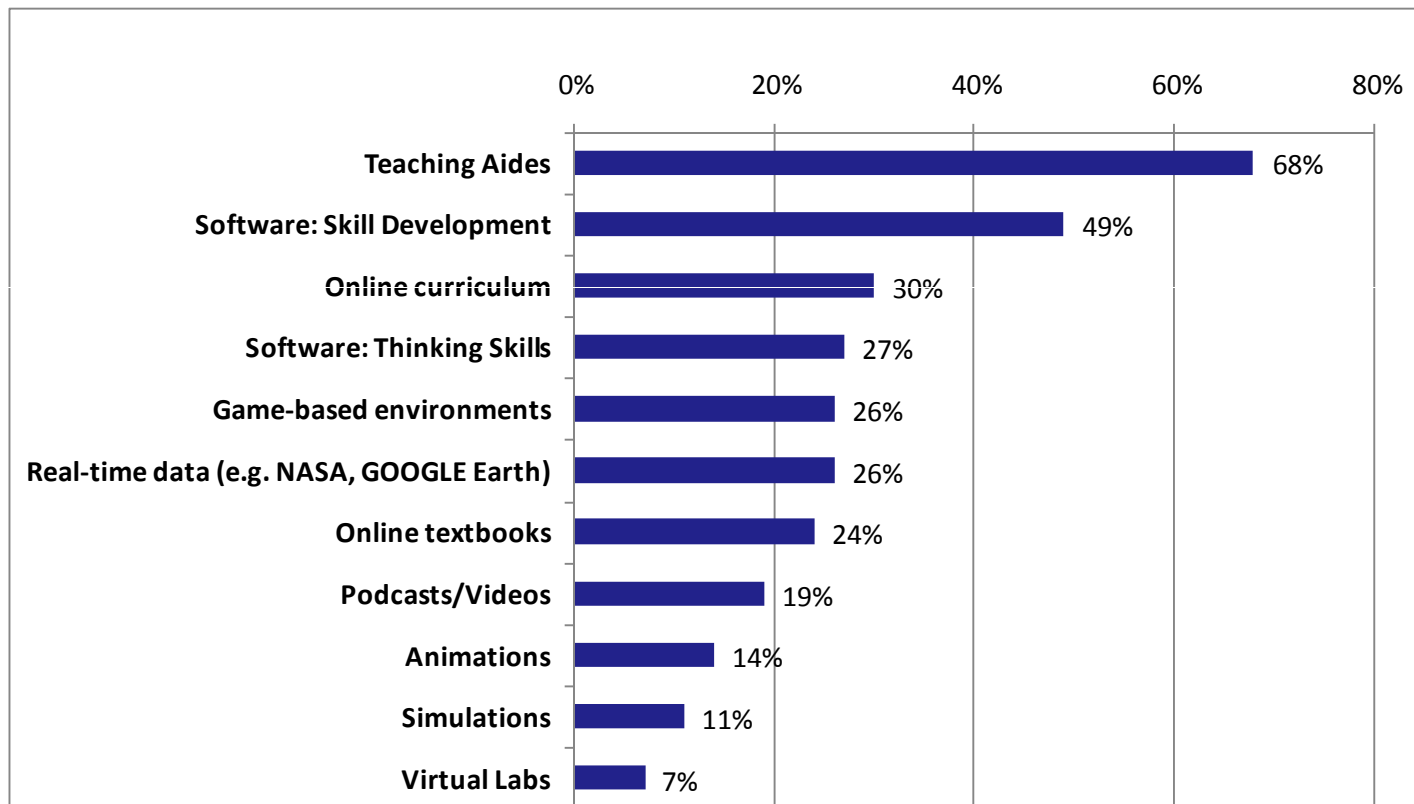

Imagine you are designing the ultimate school for 21st century learners. Which of these tools or strategies do you think holds the greatest potential for increasing student achievement and success?

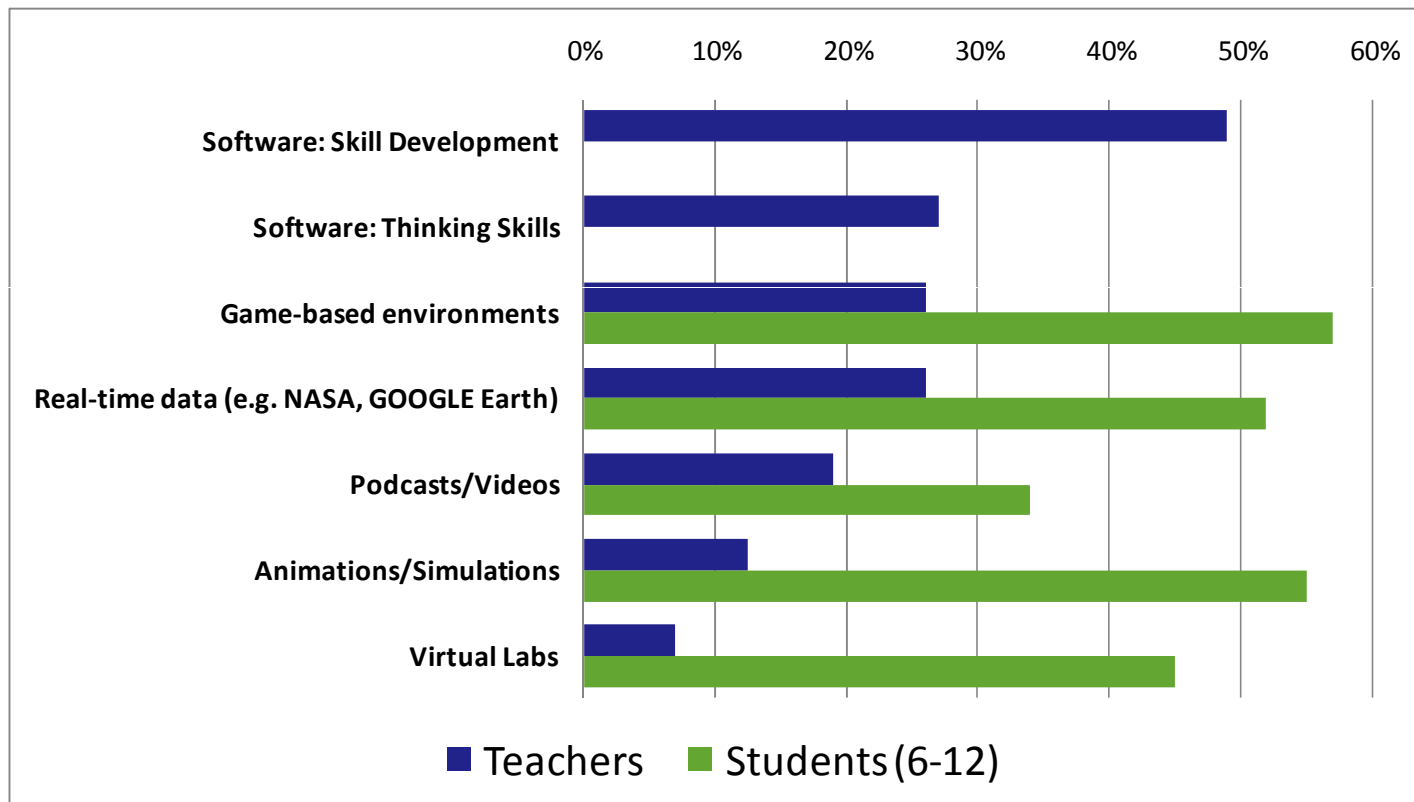

## TREND #2 - Digital Resources in the Classroom

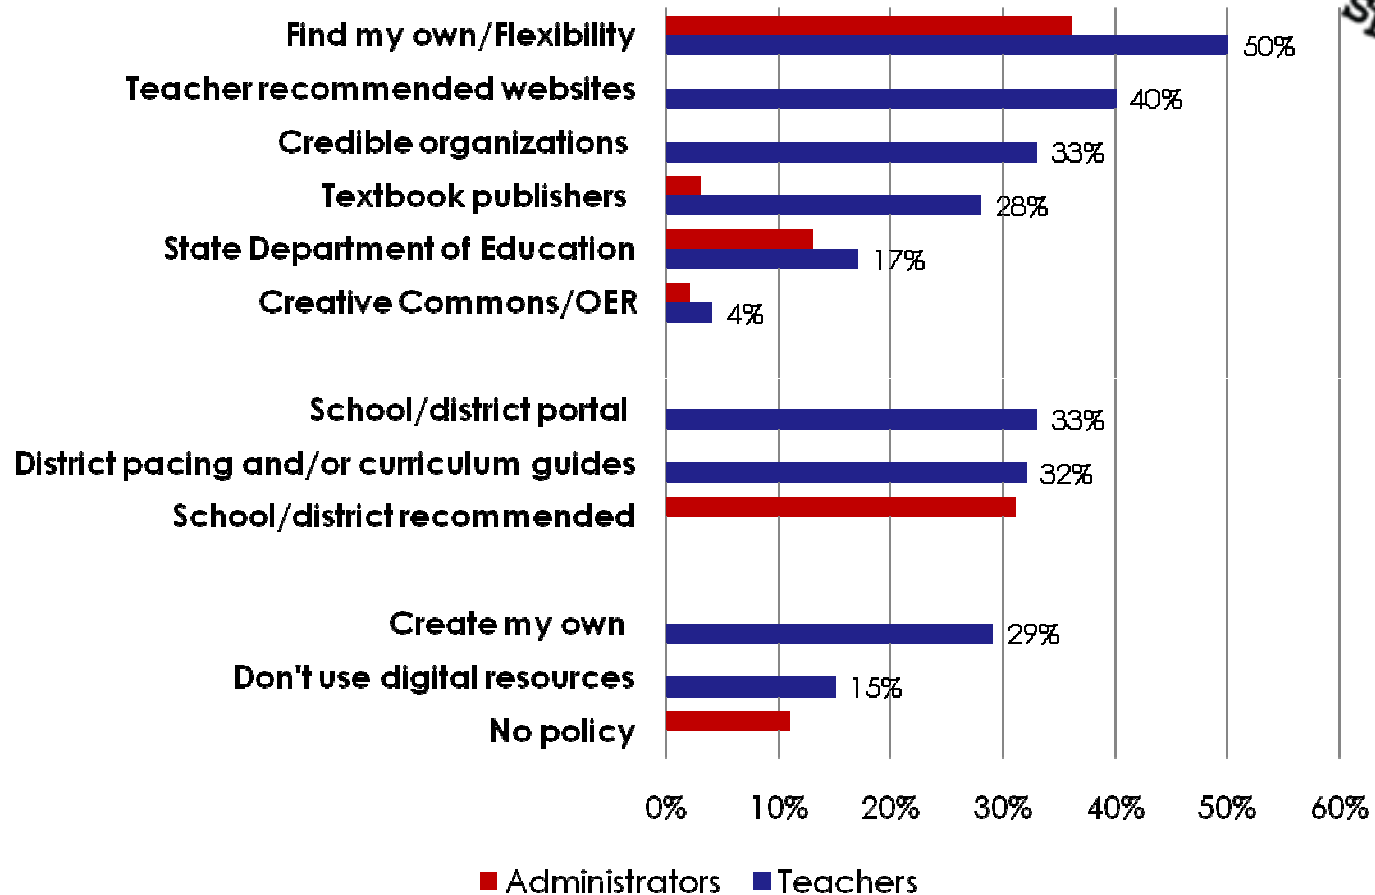

# What digital resources are teachers using?

# Digital Resources: Teachers & Students

# Finding digital resources

Administrators: What is your district's current philosophy about incorporating digital resources into your curriculum?

# Barriers to using digital resources

# Seeding Innovation: Online Learning

## Online classes - today

- 49% of administrators report teachers are their primary audience for online classes
  - 24% students (in school)
- 33% of teachers have taken professional development online
  - Students: middle school (14%) and high school (16%)

# Technology & professional learning communities

# Technology & professional learning communities

# Seeding Innovation

- Districts tell us they made a conscious decision to use professional development..
  - Streamline PD process
  - Introduce teachers to tools
  - Ultimately provide online classes

# Implications for Pathways...

- Innovation
  - Digital Advance Team serve as guides
- Dissemination
  - Teachers want to gain experience with technology before using in classroom

# Implications for Pathways...

- Sustainability
  - Opportunities for professional development services
  - Create relevance: animations, simulations,
